We can stay Thursday night if Friday a.m. works for you all on for PVSC follow-up, maybe 9 a.m.?

Yes, so I'd heard. You may have this already, but attached is the agenda for the Thursday public portion of the CSTAG meeting.

I'm afraid that Michael and I will be busy with CSTAG all day on Thurs 3/1, because the internal EPA deliberations will be in the afternoon. We are both free on Friday 3/2, if you and Mike will still be in town that day? Otherwise, let me know what day you were thinking of meeting during the following week.

I've been told to let you know that per communications between Sarah and our attorneys, Mike and I plan to attend the stakeholder part of CSTAG meeting next week (no Oxy comments planned). This is next Thursday morning, so depending on timing, I also discussed with Mike the potential for you, me, Mike and Michael (and any other EPA attendees) to maybe meet early afternoon regarding PVSC. I believe Mike and Michael discussed this last week, and maybe John too. If not next week, perhaps the following week.

Thanks.
Juan
